Itinerary

DAY 1 | ARRIVE IN REYKJAVIK, ICELAND

Arrive in the Icelandic capital in the morning and make your way to your included hotel. You will have the day to explore this fascinating city known for its stunning modern architecture, contemporary music and Viking history.

DAY 2 | EMBARK

On the morning of Day 2, your luggage will be collected from the lobby and transferred to the ship and stored in your cabin. Details will be posted in the lobby of your hotel. This afternoon, you'll board your vessel and begin your expedition. Get ready for a great adventure ahead.

DAY 3 | EXPLORING THE VESTFJORDS

Each region of Iceland has its own appeal for nature, bird and history lovers, and the little-visited Vestfjords (Westfjords), where the land meets the sea in the most dramatic fashion, is no exception.

Often referred to as 'Iceland's best kept secret,' this rugged peninsula at the country's remote northwestern tip is rife with fjords and mountains sloping down to the sea in impossibly beautiful ways.

We spend the day exploring the fjords and shores of Iceland's oldest region, enjoying its kaleidoscope of diverse land and seascapes. Here, tumbling cliffs and gushing waterfalls alternate with colorful beaches, and rolling green hills lead up to high moorlands dotted with rocky outcrops, small lakes and the occasional shaggy Icelandic sheep or horse grazing in the distance. A few little outposts of civilization, small fishing communities are nestled on fjord edges and the shores of the Denmark Strait, facing out into the mighty Atlantic and toward East Greenland—keeping alive a maritime heritage going back to the Viking days.

DAY 4 | CRUISING

As we cruise north across the Denmark Strait, your Expedition Team will prepare you for the adventures that await. Learn about the storied history and politics of the Arctic, its fascinating wildlife, geology, ecology and climate, and the incredible sights you will soon explore. The team will also search for the seabirds soaring around your ship, as well as the whales that frequent the waters here.

DAYS 5 - 12 | EXPLORING NORTHEAST GREENLAND

During your tour of Greenland's remote northeast coast, you'll enjoy Zodiac cruises and shore visits to several locations. We'll also keep an eye out for grazing muskoxen, as 40 percent of the world's population lives in Northeast Greenland National Park. Sailing through spectacular Scoresby Sund, the birthplace of many icebergs, you'll immediately see why some say it's the most beautiful fjord system on the planet. Sites such as Frederiksdal and Sydkap offer opportunities to explore the colorful

tundra and the remains of ancient Thule settlements. At the entrance of the sound is East Greenland's most northerly community, Ittoqqortoormiit, where you may spend time interacting with the Inuit people and learning about their way of life. You may also have a chance to see the northern lights here if the skies are clear. Deeper in the sound, Røde Ø offers a picturesque locale for admiring the beauty of sky-blue bergs set against striking red sandstone cliffs. Magnificent vistas also await at Kong Oscar Fjord, with possible landings at Ella Ø, renowned for its rugged cliffs and ice-choked waters, and flower-rich Botanikerbugt, on Ymer Ø.

DAY 13 | CRUISING

As your arctic adventure winds down, take in a presentation by our onboard experts, share your photos, sip an icy cocktail in the bar or watch a movie—there are many activities during your time at sea. Your Expedition Team will also be on hand to answer any questions and point out wildlife.

DAY 14 | DEPART

REYKJAVIK, ICELAND

You'll disembark in Reykjavik, Iceland's capital, at the end of your journey. If you have booked post-expedition accommodation, we provide a transfer to a central downtown location.

EXPEDITION SPIRIT

Embracing the unexpected is part of the legacy—and excitement—of expedition travel. When traveling in extremely remote regions, your Expedition Team must consider the sea, ice, wildlife, and weather to guide the route and itinerary details. By the same token, wildlife sightings as described are expected but not guaranteed. Your Expedition Team will use their considerable experience to seek out wildlife in known habitats, but the presence of any particular species of bird or marine wildlife is not a guarantee.

These off-ship activities are included in your voyage.

Ready for a little adventure beyond your ship? Each Quark Expeditions® voyage offers a variety of recreational activities to enhance your polar experience.

ZODIAC CRUISING

Zodiacs are the workhorses of polar expeditions, taking you to places the ships can't access, allowing you to reach remote shorelines, explore shallow inlets and spot wildlife. Expedition staff make stepping in and out of them safe and comfortable, and your Zodiac drivers will provide active interpretation, making the landscape come even more alive.

HIKING

Led by experienced staff, exploring on foot is one of the best ways to appreciate the polar landscapes. Our guides are able to accommodate a range of skill levels to suit every guest.

PRESENTATIONS

Enjoy daily chats with and presentations by our world-class onboard polar experts —expedition guides, specialists, photography guides and other special guests who will introduce you to the fascinating history, biology, ornithology, glaciology and geology of the region, and much, much more.

POLAR PLUNGE

This rite of passage, scheduled only once per expedition, gives you the chance to jump safely into the bracing Arctic waters under the watchful eye of our staff —and just about every single camera on board.

PHOTOGRAPHY

FLIGHTSEEING

While polar landscapes are spectacular from the sea, they're even more stunning from the air, a view you can enjoy while seated in one of the two twin-engine helicopters stationed on *Ultramarine*. Typically in groups of fewer than 10, you will experience an unforgettable aerial tour of the Arctic during a 10- to 15-minute flightseeing excursion that's included in the cost of the voyage. Additional helicopter activities may also be available for purchase on board. Please note: all helicopter operations are weather- and logistics-dependent.

Contact your Polar Travel Adviser or your Travel Professional for more information about your Included Activities and Adventure Options, including the necessary experience, physical requirements and cost.

Adventure Options

These off-ship activities cost extra and should be booked in advance.

SEA KAYAKING

Imagine gliding across the surface of a bay in the presence of icebergs and glaciers. Our Sea Kayaking program is a great way to intimately explore your surroundings. A small group of kayakers will plan to go out multiple times per voyage as an alternative to shore landings or Zodiac cruises.

The number of opportunities to kayak is weather dependent, and will be conducted only during calm conditions. Prior kayaking experience is required, and you must be able to do a wet exit to participate. Beginners interested in kayaking should consider participating in the Paddling Excursion.

PADDLING EXCURSION

If you're interested in kayaking but would like to try something a bit less demanding than Sea Kayaking, you're the perfect candidate to sign up for a one-time paddle on our stable sit-on-top kayaks—perfect for anyone with minimal or no kayaking experience. Small groups of passengers will be taken

out on calm days, with our expert guides always present to provide instruction and help you connect with the polar sea. Two groups of 10 will be pre-booked, and once successfully completed, any subsequent outings will be offered via lottery on board.

TUNDRA TO TABLE

Our ground-breaking Tundra to Table experience offers guests a one-of-a-kind adventure into the culinary traditions of the Inuit in Greenland and Nunavut. You'll savor food made with ingredients direct from the sea and surrounding Arctic land—prepared by local chefs. Enjoy an evening of Inuit storytelling as you dine on traditional dishes of the Inuit of Greenland and Nunavut, including beer-braised muskox served with Greenlandic mashed potatoes, and pickled halibut served with lumpfish dip and bread. Our on-ship Tundra to Table experience is the only exclusively Inuit culinary offering of its kind in the world.

PLEASE NOTE

For all paid activities pre-booking is required. We recommend booking early as spaces fill quickly.

Possible Excursions

When traveling in extremely remote regions, your Expedition Team must consider the sea, ice and weather to guide the route and itinerary details. The following sites are a sample of what you may experience on your expedition, whether by ship, Zodiac cruise, or shore landing.

Iceland

REYKJAVIK

Iceland has been ranked by the United Nations as one of the best countries in which to live. Its capital, Reykjavik (which means “Smoky Bay”), was named by the country’s first settler, Norseman Ingólfur Arnarson, who was inspired by the geothermal mist rising from the ground.

East Greenland

BLOMSTERBUGTEN

Known as the Bay of Flowers, Blomsterbugten boasts a colorful and lush landscape that is quite different from other Arctic regions. Expect spectacular fall colors, with a possible hike to Noa Lake.

BOTANIKERBUGT

In King Oscar Fjord, this bay is home to a variety of flora. It is on the south coast of mountainous Ymer Ø (Ymer Island), part of Northeast Greenland National Park.

BJORNE ISLANDS (BEAR ISLANDS)

Encounter stunning icebergs at this group of small, rugged islands, which offer stupendous views of Scoresby Sund and Øfjord. If conditions allow for a landing, take a short hike to an archaeological site.

HOLM BAY AND ELLA Ø (ELLA ISLAND)

Toward the northern end of Scoresby Land is King Oscar Fjord. Holm Bay is a common landing site here, offering panoramic views of the fjord and surrounding area. Within the fjord, and hence within Northeast Greenland National Park, lies Ella Ø (Ella Island). The legendary Danish navy unit Sirius Sledge Patrol operates here in summer. Muskoxen may also be spotted.

ITTOQQORTOORMIIT

Around 360 people call this northern settlement home. Ittoqqortoormiit is the picturesque and very welcome port of call for expedition cruise ships exploring the north-east coast of Greenland during summer. Focal points include the church and the small, local museum whose historical costumes, tools, and pictures tell the story of lives lived in remote and

harsh conditions. Visitors can also enjoy discovering the vibrantly green football (soccer) field set in an endless landscape of rock and snow, and wandering between the colourful houses soaking in the atmosphere of Greenland's most isolated town.

KING OSCAR FJORD

Also known as Kangerluk Kong Oscar, King Oscar Fjord is a major fjord system in Northeast Greenland National Park, with the main fjord stretching 110 kilometres in length and anywhere from 10 to 25 kilometres wide. The fjord system marks the northern border of the Scoresby Land Peninsula. Many visitors remark on the bright sandstone of King Oscar Fjord. When conditions allow, Quark Expeditions' guests have the opportunity to hike in Skipperdal Valley at Kong Oscar Fjord.

When traveling in extremely remote regions, your Expedition Team must consider the sea, the ice and the weather to guide the route and itinerary details. This itinerary is a tentative outline of what you'll experience on this voyage; please be aware that no specific itinerary can be guaranteed. WEATHER CONDITIONS & TEMPERATURES

Polar weather is extremely variable; temperatures may hover around the freezing mark and winds can be strong. The extended daylight warms sheltered areas so that you may sometimes find it warm enough for t-shirts. However, you may encounter rain, snow squalls, fog and white-outs during an expedition and should be ready for any conditions.
